About Home and Community Care Support Services Central

Home and Community Care Support Services Central is one of 14 Home and Community Care Support Services organizations in Ontario with a focused mandate to deliver local health care services such as home and community care and long-term care home placement.

We work with over 80 health service providers, including hospitals, long-term care homes, community health centres, mental health and addiction agencies, community support services as well as public health and primary care to increase access to care, better coordinate services and improve the patient experience.

We provide assessment, care coordination, information and referral to a full range of services for children, palliative patients, individuals with complex care needs, those who are transitioning from hospital to home and patients who require in-home services to help them remain in their home.

HOME AND COMMUNITY CARE SUPPORT SERVICES
Central

Centralhealthline.ca

Reliable, accurate health information online

Ontario

When a little extra help would make life better

Are you looking for information on services such as Meals on Wheels, homemaking, shopping and grocery assistance or even in-home hairdressing?

Centralhealthline.ca is a fast, easy way to research thousands of health and community services available in your neighbourhood and across Ontario.

Find the in-home and community-based services you need

With more than 2,000 service listings in the Central region alone (about 50,000 provincewide), Centralhealthline.ca puts detailed, accurate information at your fingertips.

Service profiles include contact information, hours of operation, and locations, making it easy to connect with local providers. Most listings have direct links to each organization's website so you can further explore the services offered. Some providers are even featured in videos highlighting the benefits of their services.

Centralhealthline.ca also provides useful links to credible sources of online information on a range of health topics, such as wellness promotion, caregiving and caregiver support, palliative and end-of-life care, fall prevention, managing chronic diseases and mental health.

Easy to search in your neighbourhood and beyond

Centralhealthline.ca makes it easy to locate the help you need.

If you know the type of support you want, simply type keywords into the search tool found at the top of every page.

You can also search by postal code or by city/community, then select the area and the topics you would like to view.

You also have the option to click on the Google mapping feature to see how close a program or organization is to your home.

If you need to look up a program or service in another area of Ontario, just click "Find Services Across Ontario" to access thehealthline.ca for other Home and Community Care Support Services organizations across the province.

Talk to us

Need more information or help connecting to other health and community-based services?

Call us at **1-888-470-2222** or **310-2222** (area code not required when dialing within Ontario) to inquire about health services for yourself or a loved one.
